Social, Content and Community Marketing | Video Editing and Canva | Available immediately, remote

PROFESSIONAL SUMMARY

Fast learner who gets things done. Give me a goal and a deadline and I find a way to deliver, including in areas I have never worked in before. I taught myself video editing, design and AI workflows because the work needed them.

Real experience as both a trader and a firm representative. I trade on Tradeify and have been a funded prop firm trader since May 2024. I have also represented a prop firm to its community as a moderator and event speaker, and worked as a content strategist for a 520K+ follower trading education account. I bring both perspectives to Tradeify's marketing, content and creative ideas.

Committed to a career in the prop firm industry. I love working in this industry and want to build my career in it, beyond being a funded trader myself. Tradeify's mission to give traders the tools, technology and opportunities to succeed is the work I want to do: helping traders learn, stay disciplined and grow through clear, engaging content.

Proficient in video editing and design. DaVinci Resolve, Final Cut Pro and Canva. Open to creating content for Tradeify's page.

WORK EXPERIENCE

Community Moderator, The5ers India (Telegram) | Jul 2026 – Present

- **Keep a high volume trader community engaged and active** 8+ hours a day, and push sales and offers for the firm.
- **Answer trader questions in the brand's voice**, covering account rules, drawdown limits, payouts and platform issues.
- **Judge urgency in real time**, route account specific, compliance and billing questions to official support, and remove spam and scam solicitation.
- **Keep pinned explainers and announcements accurate** so members read the correct answer first.
- **Track repeat questions and misunderstandings** to see what matters most to traders.

Content Strategist (Contract), The Shades of Trades | Sep 2026 – Oct 2026

- **Lifted the account's average likes baseline from 10K to 18K (+80%)** on a 520K+ follower trading education account run by trader Apoorva Sharma, by handling the whole content pipeline: research, strategy, scripting, editing, design and tracking.
- **Generated 200,000+ combined views** across platforms from 20 Instagram Reel scripts, each taken from concept to shoot ready brief.
- **Edited short form video** in DaVinci Resolve and **designed graphics and thumbnails** in Canva.
- **Audited the account's last 108 posts**, found that tripling post volume cut median plays per reel by about a third, and built a 30 day plan of 12 posts around four content pillars to win that reach back.
- **Delivered a 90 day beginner Reel series**: 90 Hinglish scripts, each under 60 seconds.
- **Built a weekly content system**: a daily 8:30 AM IST research routine producing 5 to 6 ideas, one theme a week, 3 to 4 Stories a day, 8 Reel ideas and 8 carousel ideas.
- **Tracked every piece** on a Google Sheets Kanban board with a themes log that prevents repeated ideas, after the audit showed a reposted Reel earned only 24% of the original's plays.
- **Made @theshadesoftrades synonymous with Crowd Positioning Theory**, her signature price action framework, by threading it through Reels and Stories.

Guest Speaker, The5ers & Trade The Pool (Trade Prep Event) | Dec 2025

- **Invited by The5ers** on the strength of sustained contribution to its community, coordinating directly between two organizations to represent the brand to its own audience.
- **Scripted and delivered** the talk to an audience of aspiring funded traders.

Prop Firm Trader, Independent | May 2024 – Present

- **Trade evaluation and funded accounts for 2+ years** across various prop firms, with thorough knowledge of the rules and regulations of each firm.
- **Trade futures and CFDs**, with first hand knowledge of what traders ask and argue about.
